Synopsis

The space between two sentences, the subtext each of them, the space between two words, the silences... All is a part of message. A verbal landscape authentic than confuses with sounds, movements and verbal forms with, as if a forest out, we enter without knowing why. In this project, the pictures are a pretext for the message, a metaphor. Decorated than are suggesting things that we can't verbalize and that they are living under other forms, other words... Things that can not touched but than are very real... Like a deep breathing. Pictures taken in London, 2011.
