Customer Reviews

I am an intermediate Spanish student and had hoped to increase my vocabulary by working with this book. Unfortunately, I cannot recommend Spanish Crossword Puzzles, especially to a beginner. Many of the clues are missing and I've only completed the first 9 puzzles. Having to look at the solutions in order to figure out what the clue should be is annoying, to say the least. Even though the book is only \$4.95 including tax, I wouldn't waste the money.

Kept my Mom using her 86 year old gray matter for hours on end! She loved it!

Please stock more of these ---- more recently published, so I'll know that I'm not buying the same one over & over as gifts. Great idea, just need to options for variety.

Having a lot of fun with the book. Using it with students and it is working out great.

still need a little help... such as a Spanish dictionary. Overall very satisfied
