Alfred always makes a good books. This is also a very good edition. This 2 volume edited by Dr. Hinson contains a lot of valuable information about each Sonata. To be a good pianist, you'd better known about the piece that you try to play. And this book gives you a lot of that things. The pieces in this volume are well choose, well organize and easy to read. This is essential for anyone who love to practice characteristic and famous Sonata. Make sure to pay a little more to buy Alfred's books. It's worth every penny you paid more!!!

I'm a college music student (piano major) and I bought this to supplement my lesson and its perfect! I would recommend this to any pianist.

I bought it to my friend. I think it is very useful. I like the paper and printing. But the shipping was so slow to miss that day of the birthday. If the shipping is on time ,it is perfect.

I bought this book at a good price. It is a good book with a selection of famous music pieces. The book was delivered on time. The quality meets my expectation.
